

# ALASKA SEAFOOD

## Alaska Seafood Waitstaff Tips

- **The health of the oceans is important to us, which is why we are proud to serve seafood from Alaska.**
- **All seafood from Alaska is sustainability harvested.**  
*Sustainability is so important to Alaska that it's the only state that wrote fisheries protection into its state constitution. And Alaska wrote this back in 1959!*
- **All Alaska seafood are wild by law.**  
*There's no finfish farming in Alaska, so you know you are eating real, natural seafood.*
- **Seafood from Alaska has amazing flavor and texture.**  
*From swimming freely and eating a natural diet in Alaska's cold and pure waters.*
- **Seafood from Alaska is so good because it swims free in some of the iciest, purest waters in the world.**
- **When you order Alaska seafood, you are supporting generations of families and entire communities.**  
*Fishing is the largest private sector employer in the state of Alaska.*
- **Alaska is one of the most bountiful fishing regions in the world.**  
*Over one million square miles of rich fishing waters.*
- **You can feel good knowing you are supporting the American food system.**

*Wild, Natural & Sustainable®*
