FAO Based Responsible Fisheries Management Certification

Notice of Peer Reviewers Nomination

March 2012

Application submitted by: Alaska Seafood Marketing Institute, Juneau Alaska

Fishery: US Alaska Bering Sea/Aleutian Islands King and Snow crab (Bristol Bay red king crab, St Matthew Blue king crab, Eastern Bering Sea snow crab) commercial fisheries

Based on the technical expertise required to carry out the above fishery assessment, Global Trust Certification Ltd. is pleased to confirm the external peer review team member for this fishery as follows.

Jerry Ennis

Following undergraduate and graduate degrees at Memorial University of Newfoundland in the 1960s, Dr. Ennis completed a Ph.D. in marine biology at University of Liverpool in the early 1970s. He retired in 2005 following a 37-year research career with the Science Branch of the Department of Fisheries and Oceans. His extensively published work (40 in the primary, peer reviewed literature) has focused primarily on lobster fishery and population biology and on various aspects of larval, juvenile and adult lobster behaviour and ecology, as well as snow crab biology in Newfoundland waters. Throughout his career, Dr. Ennis was heavily involved in the review and formulation of scientific advice for management of shellfish in Atlantic Canada as well as the advisory/consultative part of managing the Newfoundland lobster fishery. In retirement, published several articles aimed at presenting fishery science primarily to harvesters but to other interested parties as well, and participated in four MSC certification projects as reviewer or assessor.

Earl Krygier

Earl E. Krygier gained a BSc in Science, an MSc from the Department of Fisheries and Wildlife, and completed a Ph.D Doctoral Thesis (on the role of nursery areas for juvenile English sole off Oregon) at the Oregon State University. From 1989 to 2008 he worked for ADFG’s Commercial Fisheries Division as Extended Jurisdiction Program Manager with primary responsibility on state policy coordination of state, national and international marine fishery matters (research, conservation and management, and policy development), provided support for ADFG’s Commissioner in carrying out his NPFMC’s responsibilities and acting as the Commissioner’s alternate (1989-1997). Earl represented ADFG at the IPHC for 19 years, and he was state representative at the Donut Hole and the U.S./Russian ICC meetings. He sat as alternate for the Commissioner on the North Pacific Research Board (NPRB); represented ADFG on Alaska’s CDQ Allocation Team; advised department staff, the Alaska BoF members, the Alaska Legislature and other state officials on NPFMC activities; and proposed management plans, long-range policies and regulatory implications, or inter-jurisdictional issues arising from Council actions. He coordinated ADFG’s staff activities at the NPFMC and recommended policies and strategies to the director, commissioner and other state officials in regards to extended jurisdictional fisheries.
From 2008 to present times he is the Owner/Manager of KEE Biological Consultants and served as the Marine Conservation Alliance Foundation’s (MCAF) Cooperative Research Coordinator, implementing MCAF’s marine research activities in Alaska in cooperation with state or federal agencies, academia, the seafood industry and other interested parties.
