SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Alaska Seafood Marketing Institute is soliciting proposals for an Overseas Marketing Representative (OMR) for its Eastern EU Marketing Program, which includes the countries of Ukraine, Romania, Georgia, Moldova, Lithuania, Latvia, Estonia, Finland, Armenia, Kazakhstan, Azerbaijan, and Israel. Services include but may not be limited to strategic marketing plan execution and refinement; trade outreach, trade missions, media placement; trade and hotel, restaurant, institutional (HRI) promotion development, placement and evaluation(s); trade public relations and timely, effective budgeting and reporting.

SEC. 1.02 BUDGET

The Alaska Seafood Marketing Institute estimates a budget not to exceed a range of \$400,000 - \$800,000 and not to exceed \$800,000 US Dollars (USD) including retainer. The proposal should provide a detailed cost proposal for the following items:

Monthly retainer: Proposed “base service fee” associated with servicing ASMI’s Eastern Europe account. **Please base proposal on anticipated budget range of \$400,000 to \$800,000, including retainer.**

Direct Expenses: Identify all direct expenses for which ASMI will be billed at cost.

Other Fees and/or Rates: Identify any other specific fees and/or rates and/or compensation methods to be used in the performance of the proposed contract. **Specifically identify all “commissionable expense(s)” and state commission rate as a “mark-up percentage based on net.”**

Proposals priced at more than **\$800,000 USD** will be considered non-responsive.

Payment for the contract is subject to funds already appropriated and identified.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **2:00 PM** prevailing Alaska Time on **MARCH 29, 2024**. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 PRIOR EXPERIENCE

In order for offers to be considered responsive offerors must meet these minimum prior experience requirements:

- **For at least three of the last five years, the primary business of the offeror must be marketing, trade relations and consumer public relations; offerors with dedicated food/seafood marketing backgrounds are preferred. While it is advantageous for candidates to meet the generally accepted definition of “in-country trade representative” and be familiar with the U.S. Department of Agriculture (USDA) Market Access Program (MAP) and Regional Agricultural Promotion Program (RAPP) Program, public relations and trade relations skills are paramount.**
- **Must have a dedicated, full time seafood trade representative with five years or more of experience.**
- **Fluent in English, spoken and written.**
- **Offeror must be willing to travel the entire region.**

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

PROCUREMENT OFFICER: **NANETTE SOLANOY** – PHONE **907-465-1061** - TDD **711**

SEC. 1.07 RETURN INSTRUCTIONS

Proposals may be emailed to nsolanoy@alaskaseafood.org. The email must contain the RFP number in the subject line.

The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20mb (megabytes)**. If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror's responsibility to contact the issuing agency by email at nsolanoy@alaskaseafood.org or by phone at 907.465.5570 to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 PROPOSAL CONTENTS

The following information must be included in all proposals.

(a) AUTHORIZED SIGNATURE

All proposals must be signed by an individual authorized to bind the offeror to the provisions of the RFP. Proposals must remain open and valid for at least 90-days from the date set as the deadline for receipt of proposals.

- E. all terms and conditions set out in this RFP;

The procurement officer reserves the right to **consider a proposal non-responsive and reject it** or cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the contract to be performed by the offeror.

SEC. 1.09 ASSISTANCE TO OFFERORS WITH A DISABILITY

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

SEC. 1.10 AMENDMENTS TO PROPOSALS

Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

1. **ASMI's Mission:** The primary objective of the Alaska Seafood Marketing Institute is to create a dynamic, market-driven environment that will expand the global consumption of Alaska seafood. It accomplishes this by fostering growth opportunities with the food industry. ASMI's programs emphasize collaborative marketing and quality assurance efforts, and build the identity of Alaska Seafood as a brand.
2. **ASMI's Authority:** ASMI was established by the Alaska State Legislature in 1981 as a public corporation within the Department of Commerce, Community and Economic Development (DCCED) State of Alaska. As a cooperative effort between the State of Alaska and private industry, the Institute has four legislative mandates: 1) to promote all species of Alaska seafood worldwide; 2) to maintain and promote quality awareness from point of harvest to final distribution; 3) to disseminate information on prices paid and market conditions for raw salmon and salmon products; and, 4) investigate new product forms and future markets for Alaska salmon.
ASMI is governed by a seven-member Board of Directors appointed by the governor of Alaska. The board consists of five processors and two harvesters. Five standing committees provide ASMI's board and staff with input and promotional direction. Staff is located in Juneau, Alaska, which is the corporate headquarters.
3. **Current Program:** The Alaska Seafood Marketing Institute has been a participant in the United States Department of Agriculture (USDA) Market Access Program (MAP) since 1986. Current year funding for State of Alaska Fiscal Year (FY) 2025 is unknown. The MAP award is \$4,696,365 from USDA and \$2,583,000 of industry match. The RAPP award is unknown but estimated to be at a range of \$3,000,000 to \$8,000,000, with a 10% industry match. The combined budget is estimated at a range of \$10,579,365 to \$16,079,365.

ASMI's International Marketing Program employs its funds by developing and executing "generic" marketing and promotional programs, primarily directed toward the retail and foodservice international markets. All marketing plans and budgets are adopted and approved annually by ASMI's Board of Directors.

Several specific industry conditions are addressed by ASMI include:

- Annual worldwide-farmed salmon production has surpassed the Alaska harvest;
- The supply of wild Alaska salmon remains abundant, stable, high in quality and value, however the market must be cultivated to offset Alaska's declining worldwide market share;
- Seafood, in general, has great appeal to the health-conscious consumer and athlete;
- Salmon consumption continues to rise while other muscle-based proteins have seen declines;
- Today's consumers are time-starved and need convenient "meal solutions" that taste good;
- Some traditional forms of Alaska seafood such as H&G frozen salmon or canned salmon are facing declines in consumption.

Export Program Situation Analysis

The Alaska Seafood Marketing Institute is a marketing organization with the mission of increasing the economic value of the Alaska seafood resource through:

- Increasing positive awareness of the Alaska Seafood brand;
- Collaborative marketing programs that align ASMI and industry marketing efforts for maximum impact within the food industry;
- Championing the sustainability of Alaska’s seafood harvest resulting from existing Alaska fisheries management imperatives. (State of Alaska Constitution and Magnuson-Stevens Fishery Management and Conservation Act and The Halibut Act.)
- Proactive marketing planning to address short and long-term goals while remaining flexible and responsive to a changing environment and economy.
- Quality assurance, technical industry analysis, education, advocacy and research; and
- Prudent, efficient fiscal management.

ASMI International Marketing Program will continue in its present marketing mode and strive to sustain its current posture and grow its business as budget and opportunities allow.

FY2025 (July 1, 2024 – June 30, 2025) General Approach:

- The International program will work towards achieving ASMI’s mission by capitalizing on opportunities for Alaska Seafood in ASMI’s target markets;
- The International Program will continue to build sustainability into the foundation of our brand identity;
- ASMI will position the Alaska Seafood brand as a trustworthy and safe choice that is a good value for both the trade and consumer. We will continue to explain how wild and well-managed equates to trustworthy and safe;
- Convenience, health and value remain important to consumers; we will continue to highlight how Alaska Seafood aligns with these interests. A key component of this strategy will be the health benefits Alaska seafood provides and offering a variety of recipes that feature both premium and low cost ingredients;
- Notwithstanding social, economic and political circumstances, we will continue our work in emerging markets because having multiple markets assists in our ability to achieve our mission;
- We will look at participating/attending tradeshow that are not geographically within our current program;
- We will remain vigilant in adapting as circumstances evolve and focus on consumer and trade research to ensure our message is on target;
- We will strengthen marketing relations with high profile, high volume re-processors who include ASMI messaging and the logo on packaging, which adds to ASMI’s reach in the marketplace; and
- ASMI will monitor trends, such as a recent emphasis on social responsibility, and respond or adjust our messaging as appropriate.

International Program Objectives

1. Increase awareness, trial and usage of Alaska seafood products.
2. Develop distribution and identity programs for Alaska seafood at the wholesale/distributor, export and retail level(s).
 - a. Gain multiple ad features or in-store features for Alaska seafood products with participating chain (s), during key consumption and/or promotion periods and in major markets.
3. Identify key exporter and consumer obstacles to growth or purchase, usage and distribution of Alaska seafood products. Develop strategies to successfully remove these obstacles.

International Program Strategies

Increase awareness, trial and usage of Alaska seafood by:

- Using the retailer's advertising vehicles to get ASMI's logo placement in their ads;
- Develop and distribute "themed" in-store promotional materials having strong ASMI brand identity and/or Alaska imagery;
- Conduct training seminars to key chains using chefs, Alaska industry members and other appropriate resources;
- Aggressive use of in-store product demonstration program at retail level;
- Attend appropriate trade shows whenever possible;

- Work with new outlets like meal kits and e-commerce when strategic to do so;
- Develop newspaper and magazine food-page editorials for food editors to use in publications and;
- Effectively develop social media and ASMI overseas websites to maximize usage and appeal in accordance with ASMI IT policies and procedures.

Strategies in Eastern Europe

- Continue positioning Alaska seafood as a tasty, healthy, and smart protein choice.
- Create Alaska pavilions at leading trade shows in order to facilitate sales and partnerships between the Alaska industry and Eastern European buyers.
- Focus on origin identification;
- PR focuses on targeting the trade on the quality, flavor, nutrition and sustainability of Alaska seafood;
- Partnerships with chefs, restaurants and distributors to introduce Alaska seafood "through the kitchen door;"
- Shift product emphasis as market conditions dictate and;
- Capitalize on shifting demographics to find new customers for Alaska seafood.

Strive for greater emphasis and proof of results/performance on ASMI promotions

- Proof of performance for exporter ad feature activities;
- Obtain more quantifiable measures of volume moved on ASMI funded promotions and events; including websites and social media platforms; and
- Calculate free results, such as logo placement or unpaid press coverage.

Develop (as budget allows) retail programs that will encourage the use of the Alaska Seafood logo or the word "Alaska" at retail store level or on "value-added" Alaska seafood products. For example:

- In-store promotions as an effective way to raise the profile of Alaska seafood and encourage retailers to carry Alaska Seafood products
- Trainings to retail staff to increase knowledge about species and ensure proper handling and storage.

- Development of POS materials with the Alaska Seafood logo, including tailor made materials and microsites
- Merchandising contests
- Other duties as assigned

Following each promotion, evaluate to ensure all activities are in keeping with the industry and exporter needs/trends.
