DATE: September 18, 2014

TO: ASMI Board of Directors

FROM: Larry Andrews, Retail Marketing Director

SUBJECT: FY2014 RETAIL PROGRAM ANNUAL REPORT

RETAIL PROGRAM OBJECTIVES: Increase retail and consumer awareness of Alaska seafood by utilizing a three-tiered messaging platform:
- Differentiate wild Alaska seafood from other/farmed fisheries.
- Increase consumer preference for wild Alaska seafood.
- Increase retail merchandising and understanding of the importance of Alaska seafood through training and communication targeted directly to retailers.

Program activities fall under three separate initiatives:
1. Alignment with the Consumer Advertising/Public Relations program to increase awareness and preference for Alaska seafood;
2. Merchandising/POS development by retail chain partnerships; and
3. Retail training and communication.

All program activities reinforce the power of the Alaska Brand and engage both the consumer and the retailer.

Platform #1: Alignment with the Consumer Advertising/PR Program to Increase Awareness and Preference for Alaska Seafood

A. Consumer Shows/Events: Sampling at select events reinforces key messages from the consumer advertising/PR program and exposes more people to the Alaska seafood brand. The number of retail-funded consumer shows was reduced in FY2014 due to an effort to locate new shows/venues and to allow for an expanded presence at key events such as the Aspen and Austin Food & Wine festivals.

Retail-funded events:
- The Sun Winefest at Mohegan Sun, CT: 1/25/2014 – 1/26/2014
  *Alaska Cod Buffalo-Style Quesadillas and Alaska Canned Salmon Chipotle Dip were sampled to 9,000 attendees.*  
  # of samples = 4,000
- Scottsdale Culinary Festival, 4/8/2014 – 4/13/2014
  *Canned Salmon Chipotle Dip sampled to 35,000 attendees.*  
  # of samples = 2,400
In cooperation with the Consumer Advertising Program:

  *Alaska Cod Caprese Bites and Alaska Smoked Salmon Dip* were sampled to 4,000 attendees.

  *Alaska Sole and Snow Crab Ceviche and Alaska crab claws* were sampled to 5,000 attendees.

B. **Digital Marketing/Online Banner Advertising:** Online banner advertising supports key messages and initiatives such as sustainability, recipes/cooking tips and COOK IT FROZEN! techniques. The banner ads appear on leading websites (such as cooks.com, youtube.com, sparkpeople.com, foodnetwork.com, nytimes.com, tasteofhome.com and Facebook.com) using an auction-based platform; click-through actions take consumers to a corresponding website (wildalaskaflavor.com, CookItFrozen.com) or a themed landing page that has links to recipes, ‘how to’ videos and cooking tips: www.alaskaseafood.org/grillingseafood/.

In FY2014, online banner ads supported the summer grilling, fall and Lenten season promotions as well as holiday entertaining/appetizers and our new 100% American theme.

Platform #2: Merchandising/POS Development by Retail Chain Partnerships

Larry Andrews and Mark Jones, ASMI’s Retail Marketing Representative, make retail headquarter/division calls throughout the year offering retailers promotion assistance, training, and point-of-sale material. The promotions tend to be either:

- Seasonal or themed; or
- Custom, involving the development of co-branded point-of-sale materials or programs utilizing frequent shopper/reward card offers.

New this year: To better disseminate recipes, photography and video assets to the retail trade, ASMI’s Retail program developed a new digital asset library. For over 40 years retailers have turned to the Kwikee clip art book for brand and packaging artwork. Kwikee has evolved into Multi-Ad/Kwikee and is now the leader in digital asset management, specializing in getting content to the retail trade.

Through ASMI’s Multi-Ad library, retailers and the seafood industry can access materials 24/7 from anywhere in the world. Launched in September for October promotions, the Multi-Ad library currently contains over 600 images/assets, with 3 or 4 images attached to each.

We continue to load new assets into the Multi-Ad library as they are developed:

- Fall promotion materials included the new Alaska cod cake recipes, two “how-to” videos – including a video on how to make cod cakes – and the graphics for our co-op promotion with Chateau Ste. Michelle.
- To support Lenten promotions we loaded a new COOK IT FROZEN! ebook featuring recipes developed by Alaskan Chef Erik Slater as well as a video introduction to the COOK IT FROZEN! method and a video biography of Chef Slater.

# of user accounts to date: 296
# of asset downloads to date: 4,962
Here are examples of retailers using assets from the Multi-Ad site to build Alaska Seafood promotions:

Current canned salmon users are older and live in the Southeast US. The ad creative features a croquette/patty on salad, since croquettes are the most popular recipe/product usage.

A small portion of the funds is being used to develop a new user base (the über-athlete). These are people that make food choices based on the nutritional value of the product. It is crucial that we be upfront about the skin and bones they will find in traditional pack canned salmon. The ad creative features an attention-grabbing headline with an explanation that the edible skin and soft bones have health benefits and are easily stirred into the recipe. These ads will run in *Women’s Running*, *Competitor*, *Tri-Athlete*, *Runner’s World* and *Bicycling* magazines.
A companion video showing how the skin and bones can be stirred into the product will be added to ASMI’s website, along with recipes featuring new photography.

Alaska canned salmon was sampled to athletes at several Rock ‘n’ Roll Marathon events:

- **Nashville, 4/24/2014 – 4/26/2014**
  
  # of samples = 3,000  Number of runners finishing the races = 23,784

- **San Diego, 5/30/2014 – 6/1/2014**
  
  # of samples = 2,000  Number of runners finishing the races = 23,193

Response was overwhelmingly positive with very few negative comments about the skin and bones.

ASMI staff is currently evaluating marathons/events in FY2015.
In addition, new recipes were developed specifically for use in the Women, Infants & Children (WIC) supplemental nutrition program.

We reached out to the retail trade in an effort to secure end-aisle displays timed to coincide with the FSI ad on 6/1/2014. Efforts are ongoing but, to date, only Kroger Corporate executed multi-brand displays (1,400 stores during the last week of May).
